## Stages of Digital transformation

This "transition" stage is hard to cross. Organization inertia pulls back  
 Activation Energy or Speed needed to cross Stage 3  
 Leadership is the catalyst that lowers the activation energy bar

Stages of Transformation:

- Year 0-1: Framing the Transformation
- Years 1-2: Activating the Transformation
- Years 2-3: Gaining execution momentum
- Years 3-5: Achieving superior outcomes
- Years 5+: Institutionalize Transformation
