PROJECT EXPO BY

“i-Hub2 (HALL OF FAME)”

OBJECTIVE:

The main aim or purpose for conducting such a program is to enhance the knowledge of student and motivate them to compete in the global competitive engineering field.

PROGRAMME:

Project expo has been organised by Department of Computer Science and Engineering. Approximately, **38 student's** various colleges were registered for this project expo competition.

The presentation was given by all our students who have participated. Nearly, 38 participants were registered and attended this project expo. In that, **30 students** from various college and various department were actively participated.

On 07.05.2021(Friday) at 1.30 PM to 2.00 PM, we started the session with Welcome address given to judges and students. Followed, the participants of the event were started to present their ideas by sharing their screen.

We had the judges from kings engineering college to analyse and to evaluate the participant's presentation on the basis of their idea, real world project, software and hardware usage, recent technology and way of implementation.

The judges were Dr.G.Manikandan, Mrs.D.Sterlinrani, Dr.M.Parameswari, Mrs.J.M.Sheela Lavanya, Mr.K.G.Saravanan, Dr.G.Suresh, Dr.Lekhasri, Mrs.S.Suhasini,Dr.A.Venmathi, Mrs.S.Gracia Nissi.

Faculty coordinator for this event was Dr.M.Parameswari and the student coordinators were B.Kiruthika, Pravin C S, Jerusha, Bala Murugan G.

The program had started around 1.30 PM with a welcome address given by our student faculty members. Followed by that we invited each and every participant to share their screen for doing their presentation. We had participants from different colleges and different departments. They presented their working project by sharing their screen in Google meet.

We had six Google meet links for 14 batches each meet consisted 2-3 teams and 1-2 judges to judge their implementation. The judges entered participant's mark in the Google sheet. On the basis of the total grade, we announced the winners.

The participants presented their idea in a very good manner. The marks have been rewarded and first prize is rewarded to 2 teams they were Sujith kumar MA, Viboosithasri N S, Gowtham Easwar K, and Samritha D for their project on Dhanvantari Health Bot and Kiruthika B, Angeline for their project on video summarisation. Second prize was awarded to Rahul, Ravinath, Vasantha kumar for their project on Fisherman safety System using IOT. Third prize was awarded to the team Manigandan K, Bhuvanesh S, Samuel Frank, Sakthivel.T for their project on blood bank.

Last, but not the least the thank you address was given by all student coordinators. After the event was ended and e-certificated and winners' certificate was rewarded to all the participants.

Then, we posted feedback link and Good feedbacks were received from all participants and online execution is really helpful to all participants.
